

Many of us are evaluating our options at the moment, including Fellows and Associates. We thought it might be a good time to outline some of the other services we currently offer our clients in addition to recruitment.

We haven't started providing these services as a consequence of Covid-19 but we don't shout about them enough. **So here we are shouting.**

FINANCIAL AND ACCOUNTING SUPPORT – we work with several firms on financial projects, cost saving measures, streamlining processes, systems integration and managing finance software implementation, mergers and acquisitions, benchmarking and exit strategies

EMPLOYER BRANDING – corporate positioning, managing brand change, campaign management

EXIT INTERVIEW AND GUIDANCE – we can support any staff who may be losing their position as a consequence of the current climate in terms of career coaching, CV advice, interview preparation and providing a counselling service (offered by an employer to employees losing their jobs to make a very difficult process slightly less so)

WHAT ARE RECRUITERS FOR DURING A RECESSION?

And yes, we remain recruiters at heart and are working on sourcing candidates for firms as we speak. Whenever you are ready to find new people again, we'll be here for you.

Pete Fellows is happy to have a chat about any of our services and can be reached on **020 7903 5019** or pete.fellows@fellowsandassociates.com or if you are recruiting or looking for a new job he's always happy to help with that too.
