

In a recent poll about relocation, we found that 45% of respondents would prefer to live in New Zealand. How about you?

Engineering Patent Attorney, Auckland

Love what you do but looking for a change of scene and an amazing life experience? Join this firm with an emphasis on developing their people and providing expert advice to their clients. They value flexibility, practice work life balance from the top and encourage an open and relaxed environment.

Partner Designate, Engineering / Electronics, Manchester

Do you see yourself as a leader? Or someone with leadership potential? Do you want to be well supported in your decision making and be in a position to have the freedom to carry out your plans with the piece of mind and security of a significant existing workload that can be built upon? This one's for you!

Nearly/Newly Qualified, Electronics / Engineering, Dublin

A great chance to relocate and join a firm with a down to earth culture and plans for expansion. The job has considerable career progression baked in – you will benefit from an extensive existing portfolio but will be encouraged to build on this with your own networking activities.

Trainee Patent Attorney, Mexico

We are also recruiting chemistry or biotechnology graduates for an exciting opportunity to work in Mexico.

For full details on the range of opportunities we're recruiting for or just to have a general chat about your career, please call Pete Fellows or Phillipa Holland on **020 7903 5019** or email: contact@fellowsandassociates.com.
