

Meet your clients

- Gain invaluable experience in the drafting and prosecution of EU, UK and PCT patent applications; represent clients at the EPO; and manage highly valuable IP portfolios
- Get up close with an interesting client mix ranging from individual inventors and academic institutions to multinational household names
- Grab hold of the opportunity to travel extensively across Europe, Asia and the US
- Generate additional revenue for the firm through various business development activities in the UK and overseas
- Give your opinion in a close knit and collaborative working environment
- Grow your earning potential with a market leading remuneration package and bonus scheme

Miller Sturt Kenyon is able to offer you the security that is only afforded by a reputation built through years of impeccable service and offers a less hierarchical structure than many firms, allowing you the freedom to shape your career path within a profession that is constantly evolving.

Ideal candidates will have an electronics or engineering background and have around a years' experience in the profession, although those with 6 months' experience plus and those who have recently qualified will also be considered.

To apply please call **Pete Fellows** or **Phillipa Field** of Fellows and Associates on **+44 207 903 5019** or email: contact@fellowsandassociates.com. For further information please visit: www.fellowsandassociates.com/msk
