

# We're sure you'll get the metaphor...

## Featured Positions

### Partner or Partner Designate, Electronics, Luxembourg £Well-appointed

Leading private practice seeking a European-qualified Patent Attorney with 2-5 years' post qualified experience to head up the electronics division in the Luxembourg office. French or German language skills will be an advantage. Excellent career progression prospects, management responsibility, business development, and a lifestyle in the lap of Luxembourg's luxury are up for grabs!

### Biotechnology, Part Qualified or Qualified, London Up to £74,000 + Bonus

Direct clients flock to this top-tier private practice, and you will certainly see your fair share of them in this role. Highly qualified colleagues and partners will stimulate your professional development at every turn. And for the ambitious, there is no need to wait around 'till you're old and grey, since this firm offers excellent career progression.

## Other Opportunities:

### Qualified Patent Attorney, Electronics, Associate, London To £85,000

Tremendously exciting role for an Attorney hoping to widen their pool of experience. Not only will you benefit from some complex direct client work but you will also be given the opportunity to work on a number of contentious matters within areas at the cutting edge of modern technology. The client mix is wide ranging, from financial software to cloud computing.

### Electronics, Qualified Patent Attorney, Manchester £70 - £85,000

A perfect role for a driven electronics buff. You will be joining a growing office and have the opportunity to help shape the firm's business strategy in Manchester. Meritocratic and recession-proof, the firm continues to expand all over the UK and will offer great opportunities for career progression.

### Mechanical with Electronics, Qualified or Finalist, London £Negotiable

Exceptional opportunity for a mechanical Patent Attorney with a flair for electronics or vice versa. This reputable private practice will offer plenty of interesting work with some big direct clients, and they recruit with partnership potential in mind... enough said!

### Opportunities for Qualified Patent Attorneys in Scotland £Exciting

If you've ever dreamed of living by a loch, this could be your chance! We have a number of exciting opportunities for Attorneys with various technical backgrounds in ever-beautiful Scotland.

### Chemistry/Materials Science, Newly or Nearly Qualified, Southern England £Highly Competitive

This UK-wide private practice has a spot for a recently or nearly qualified chemistry/materials science Patent Attorney. The firm has a down-to-earth environment, a practical and client-centred approach, and is extremely well regarded for its technical expertise.

### Qualified Patent Attorney, Electronics, Midlands £Negotiable

Great opportunity for a Patent Attorney wishing to get their hands dirty in a role with a fair bit of responsibility and scope for development. This private practice has some fantastic clients and a good mix of working culture; fun friendly and yet professional.

### Electronics and Software, Part Qualified, London £40,000

Upscale firm with an upscale reputation. You will be working mainly with software-related patents, enjoy an excellent training and support structure, and get exposed to oppositions with the EPO on a regular basis, and on top of that have great career prospects.

### Newly/Recently Qualified Patent Attorney, Electronics, London To £75,000

Broad based electronics role for an immensely successful private practice with an unparalleled reputation for high quality work. If you value connecting with leading corporations across a range of technology plus the opportunity for fantastic career progression (historically evidenced) then waste no time in applying for this position.
