

*“What is freedom?
Freedom is the right to choose:
the right to create for oneself the
alternatives of choice.”*

Archibald MacLeish

Start Your Own Firm

Risk (at least in part) removed. International firm needs a European office. They'll back you to get them started. If you ever wanted to go it alone, and have client relationships to back this up – this could be the step up required for a great new career.

**Partner Designate, Engineering
Yorkshire**

Why wait? Join a firm that will make sure you fulfil your goals (as long as your goals are being a Partner of a leading private practice). Mechanical/engineering background required, client following a plus but certainly not essential.

**Electronics, Part Qualified/EPA
Yorkshire**

Think long term. More work than you can handle, an undeniable basis to build your own portfolio, therefore superb career prospects for the future, when you qualify. With this firm's career fast track Partnership is achievable and attainable.

**Engineering, Part Qualified
Yorkshire**

Leading clients. Complex patents. Autonomy. Excellent training support. Fantastic international network of contacts. Varied career choices and excellent career prospects.

**Biotech, Part Qualified
London**

Specialist biotech only work. Had enough of being forced into a chemical side line despite your technical background? Then join a firm that has a constant stream of biotechnology work. Great prospects and terrific remuneration.

LEAVE!!!!

Australia, New Zealand, Singapore, Hong Kong, Germany, The Netherlands, Canada. Life in the UK just not exciting enough? Then speak to us about working in another jurisdiction. Wherever in the world you want to work, we can probably help...

**Leadership Potential, Electronics
Midlands**

Create and build your portfolio with support from this highly reputable firm. Take control of the Midlands practice by demonstrating leadership and a keen eye for new business opportunities.

**Electronics, Qualified
Yorkshire**

Complex corporate patents your thing? Want to work with leading software and high tech giants? Need to ensure that your career will go somewhere too? This firm has an excellent range of blue chip work and a clear structure so you will always know what your career trajectory is.

**Electronics/Engineering, Qualified
North West**

All round Attorney but with primary experience within electronics imperative for a private practice that is really growing! The North West is a key area of opportunity for determined Attorneys with an eye for the future.

**Biotech, Newly/Recently Qualified
London**

Work alongside an extremely high profile Biotech department with some of the profession's leading lights. Make the move and change your prospects! Don't hang around waiting for things to happen, get more from your potential by being surrounded by biotechnology expertise.
